Introducing nirvsystem

St. Joe's is implementing NirvSystem to manage our learner onboarding processes effective for all placements starting July 1st 2021 (new/returning).

Prior to *each* placement at St. Joe's you will receive a welcoming email with the link to NirvSystem, user name & password.

Once logged onto NirvSystem, you will be guided through completing any pre-placement requirements.

Registering for Placements @ St. Joes

1. Log into NirvSystem and complete the registration the form at least 2 weeks prior to placement start date.

2. Review and complete all pre-placement requirements.

3. If you require Dovetale (Epic EMR) training, you be prompted to schedule yourself for the training session that best suits your schedule.

4. You also will launch your Dovetale training session and access key documents including your St. Joe's computer credentials from NirvSystem.
