Category 2 Programs

(48 months – 52 blocks)

Rural/Regional Self Design Programs
 (24 months / 26 blocks)
Typically funding is allocated 3-6 months per resident

Research & Scholarship
 (12 months / 13 blocks)

FM OB
 (12 months / 13 blocks)
Typically funding is allocated 6 months per resident

Admissions run internally with PGME

Unfilled Positions Workflow

Category 1 Programs have option to revert positions in CaRMS pre-match to another Category 1 Program

Programs attempt to fill unmatched positions after match day

Category 1: offer 2nd interview to those on rank list who are unmatched

Category 2: work through offer list to fill positions/add months to original offer

Category 1 and 2 Program Directors will report unfilled positions to Enhanced Skills Committee on match day

ES Committee will recommend plan for allocating unfilled positions/funding to Residency Education Committee
