### ABOUT THE SYMPOSIUM

A full day, interactive, face-to-face educational event for residents in the early years of their training focusing on patient safety and medical-legal risk reduction.

### ABOUT THE FACILITATORS

CMPA physician advisors and lawyers who have specialized content expertise will present the plenaries and facilitate the workshops.

### ABOUT THE WORKSHOPS

Residents will attend two plenaries and will participate in four workshops:

### WHO SHOULD ATTEND?

This free symposium is for residents in their early years of training (PGY1 and PGY2).

### BY ATTENDING THIS SYMPOSIUM, RESIDENTS WILL:

- Gain practical tips to provide safe medical care
- Reduce their medical-legal risk
- Learn how the CPMa supports residents

#### Informed consent

*Learning objectives:*

1. Outline the standards for informed consent
2. Practise conducting a consent discussion
3. Document your consent discussions effectively

#### Teamwork and delegation

*Learning objectives:*

1. Outline one's responsibilities in safe delegation and supervision
2. Practise strategies for critical communication
3. Describe how you would foster a 'speaking up' culture in your practice

#### Disclosure of harm

*Learning objectives:*

1. Describe the elements of the disclosure of a harmful patient safety incident
2. Participate in a simulated disclosure discussion

#### Documentation

*Learning objectives:*

1. Describe key principles of effective documentation
2. Identify at least 1 area for improvement in your medical record-keeping

### HOW CAN FACULTY MEMBERS HELP THEIR RESIDENTS?

Faculty members are encouraged to attend the CMPA Faculty Development Workshop (FDW) to help support their residents as they develop lifelong competencies that promote safe medical care.

Hosted in conjunction with the resident symposium, the FDW provides:

- an overview of key concepts and good practices that residents will cover during the symposium
- access to tools and resources to support your residents' continued learning after the event
